President's Report

Hello Everyone,

Firstly, I would like to extend a very warm welcome to all the new members who have recently joined our club. We are delighted to have you as part of our community and look forward to meeting you and your dogs at training throughout the year. Our club is built on a shared passion for dog training, friendship, and learning, and we hope you enjoy everything we have to offer.

Annual General Meeting

Our **Annual General Meeting (AGM)** will be held on **Monday, 21 September 2026**. The AGM is one of the most important events on the club calendar

I would encourage members to consider nominating for a position on the Committee. Volunteering on the committee is a rewarding way to contribute to the continued success of our club, support fellow members, and help ensure we continue providing quality training and activities for everyone.

Proposed Club Fee Increase

The Committee has proposed an increase to the Club's fees from the beginning of the **2027 financial year**, which will be put to members for consideration and voting at the **Annual General Meeting (AGM)**.

We understand that any change to membership fees is important to our members, and we want to ensure everyone is kept informed. Further information about the proposed fee increase, including the reasons behind the proposed changes, can be found later in this newsletter.

We encourage members to take the time to read the information provided ahead of the AGM. Thank you for your continued support of the Club.

Celebrating Our 50th Anniversary

This year marks a very special milestone as our club celebrates its **50th Anniversary**.

To commemorate this wonderful achievement, we will be holding a **50th Anniversary Celebration** on **24 October**. This will be a fantastic opportunity to celebrate the club's history, recognise the contributions of past and present members, catch up with friends, and meet fellow members in a relaxed social setting.

Whether you've been with the club for many years or have only recently joined, we encourage you to come along and be part of this memorable occasion. Full details of the celebration can be found later in this newsletter.

End-of-Year Awards – Application Tracking Form

We have implemented a **web tracking form** for members who have obtained a title and submitted an application for an End-of-Year Award.

Members who have submitted a trophy application are encouraged to check the web form to ensure that all details have been entered correctly, including:

- Your name and spelling
- Your dog's name and spelling
- The title you have applied for

Please allow **up to 14 days for processing** from the date your application is submitted before checking the tracking form. We encourage all applicants to review their details carefully and contact us if any corrections are required.

If you'd like, I can also make this **more friendly and upbeat** for a club newsletter or shorten it to fit a smaller newsletter space.

A Final Reminder

Finally, I'd like to remind everyone that **just five minutes of training each day can make a remarkable difference**. Consistent, short training sessions are often far more effective than occasional long ones. They help build confidence in both handler and dog, reinforce learned behaviours, and steadily improve skills over time.

Those few minutes each day soon add up, and the results can be truly impressive.

Thank you to all our members, instructors, volunteers, and committee members for your continued support, enthusiasm, and commitment to making our club such a welcoming and successful community. Your involvement is what keeps our club thriving, and it is greatly appreciated.

I look forward to seeing you all at training and at our upcoming events.

Ray Ashman

President

Setting Your New Dog or Puppy Up for **Successful ALONE Time**

Getting used to a new home and family is a big transition for any dog and it may take your furry friend some time to acclimate to a new environment. Part of this new routine will probably include you leaving your pup at home alone from time to time. Many dogs experience some degree of stress when left alone and it's not always easy to determine if this is the case when a dog first joins the family.

DOs

DO Start with Short absences and build up gradually as long as your dog is not showing signs of stress.

DO Exercise with your dog and provide daily enrichment. Providing affection and attention does not cause separation anxiety.

DO Utilize an expert daycare or pet sitter until your dog is comfortable alone at home.

DO Contact your veterinarian and a professional trainer.

DO NOTs

DO NOT Scold or punish your dog. They are not misbehaving or acting out of spite.

DO NOT Use Equipment that might be painful or scary. These will only mask symptoms of anxiety and can actually increase your dog's fear of being alone.

DO NOT leave your dog in a crate if they haven't learned to relax while left alone in confinement.

DO NOT Leave your dog alone for any longer than they are comfortable. They will not just "get over it".

If your dog appears stressed when left alone and is not able to tolerate the short absences you are practicing, there are experts who can help! Contact your veterinarian and a professional dog trainer who is certified to work with separation anxiety cases for more information.

The Life Cycle of PET WASTE

You can help prevent POO-LUTION by picking up after your dog.

Every day in the Tampa Bay area, about 125 tons of pet waste is deposited on the ground that can add up to a pile of problems. Unscooped pet waste not only increases health risks to humans and other pets, it greatly impacts local water bodies with excess nutrients, leading to potential algae blooms and fish kills.

**Pick up and dispose of your dog's waste.
